

## Peterson has edge in many areas

April 29, 2010

Salem is fortunate to have two quality candidates running for mayor, but I would ask you to join me in supporting Anna Peterson to lead our city.

Anna has some key points of differentiation that voters should consider. First, unlike her opponent, Anna has committed to being a full-time mayor, which is so desperately important right now. Second, Anna has no conflicts in lobbying state officials on behalf of our city, or negotiating with our unions, unlike her opponent whose job is as a lobbyist for school administrators. Finally, Anna voted no on Measures 66 and 67 and is a proponent for measured, reasonable government. Her opponent has stated he voted yes.

Electing Anna also allows Chuck Bennett to remain on the City Council where he has done an outstanding job and pledged to work with Anna if she is elected.
